Professional Summary

Passionate React.js Developer with hands-on experience in JavaScript, React.js, Node.js, Express.js, and MongoDB. Built an E-Commerce website to showcase front-end and back-end development skills. Seeking a challenging role in web development where I can apply my technical expertise to contribute to an innovative team.

Skills

Frontend: HTML, CSS, Bootstrap, JavaScript, React.js, Redux, Angular

Backend: Node.js, Express.js, MongoDB

Tools: Git, Visual Studio Code, Postman

Experience

Process Associate – Maticz Technology, Madurai

07/2024 – present

- Worked with XML, HTML, and CSS for structured content.
- Gained hands-on experience in workflow optimization, and team collaboration.

Intern - Angular Developer – Trioangle Minds Technologies, Madurai

02/2024 – 03/2024

- Received hands-on training in Angular.js development.
- Built small-scale applications and understood component-based architecture.

Projects

E-Commerce Website (React.js, Node.js, MongoDB)

- Designed and developed a fully functional E-Commerce website using React.js for the front end and Node.js, Express.js, MongoDB for the back end.
- Implemented user authentication, product management, and responsive UI for a seamless shopping experience.
- Strengthened skills in state management, REST APIs, and database integration.

Portfolio (React.js, Bootstrap)

- Developed a responsive portfolio website to projects and details.
- Implemented smooth animations, dynamic components and an interactive experience.
